

NEW Staffa HPB Motor

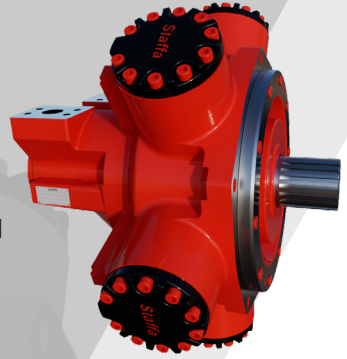

Features

- High Power, High Speed Motor
- Market-Leading Reliability
- Improved Productivity
- Lower Assembly Costs

NEW Staffa HPB Motor

The HPB motor is the latest innovation in the Staffa range. With increased speed and power ratings compared to our standard HMB motor, it can increase productivity whilst providing the reliability you would expect from a Staffa motor. The new Staffa HPB motor is the perfect fixed displacement motor for industrial applications.

Motor Type	Displacement	Specific Torque	Max Cont. Speed	Max Cont. Power with Flushing	Max Cont. Power	Max Cont. Pressure	Max Int. Pressure
	cc/rev	N m/bar	rpm	kW	kW	bar	bar
